

DIVISION OF SETTLEMENTS, PUBLIC UTILITIES AND RURAL DEVELOPMENT
CAREER OPPORTUNITY

The Division of Settlements, Public Utilities and Rural Development is seeking a suitably qualified national from within Trinidad and Tobago, to fill the following position (on contract) for a period of three (3) years:

SENIOR PROJECT MANAGER

Job Title: Senior Project Manager

Job Summary: The incumbent is required to manage the activities of large scale and complex project(s) in the Division; typically, these projects have a large budget and scope and carry significant risks and financial impact. Duties include ensuring that all the goals and objectives of the projects(s) are accomplished within the prescribed timelines and budget, developing project plans, budget and schedules; implementing project plans; managing and leading project teams; monitoring and managing project scope, risks and issues; and responding on project activities to management and other stakeholders. Dependent on assignment, the incumbent may be required to perform some or the full range of duties of the position.

Reports To: Programme Manager/Designated Officer

Supervision Given To: Project Team(s)

Duties and Responsibilities:

- Develops and implements project plans/proposals. This includes:
 - Holding meetings with stakeholders to obtain information on business requirements;
 - Determining the scope and deliverables for the project;
 - Identifying the work activities required for successful project completion;
 - Establishing schedules;
 - Preparing budgetary and staffing plans;
 - Identifying and assessing risks and issues.
- Monitors and manages project expenditure to ensure project is completed within budget; applies for release of funds as required; authorises project expenditure in line with budget plan.
- Manages project schedule to ensure timely completion of the project and milestones, establishes work plan and staffing for project; arranges for recruitment and assignment of project personnel; supervises assigned project team(s).

- Manages changes to project scope, including costs, schedule, scope and quality; ensures all changes are documented and approved.
- Monitors and manages project quality to ensure the deliverables comply with agreed standards.
- Monitors, manages and responds to project risks and issues; recommends and implements solutions.
- Oversees the work of contractors/consultants and outsourcing services to ensure compliance with contract; also evaluates their performance.
- Performs project post-implementation activities such as soliciting feedback from stakeholders, preparing reports and archiving information.
- Prepares Cabinet Notes, reports, presentations and other documents on project matters for management; reviews status and other reports prepared by project personnel.
- Convenes meetings on project matters with management, project staff, contractors/consultants and other stakeholders.
- Performs related work as may be required.
