March 13th, 2020

Media Release – Suspension of Vocational Skills Classes

The Division of Community Development, Enterprise Development and Labour wishes to advise the public that all classes of the Vocational Skills Training Programme 2020 will be suspended until **further notice**. This advisory resulted from a decision announced by the Honourable Dr. Keith Rowley, Prime Minister of Trinidad and Tobago, to close all learning institutions for one (1) week).

The postponement is aimed at preventing the spread of the Novel Corona Virus (COVID-19) which is proven to be transmitted at public gatherings.

The Division continues to place the wellbeing of the residents of Tobago and by extension all citizens of Trinidad and Tobago at the forefront as we unite to eradicate this pandemic.
